

Use case: Report Status

Precondition: None

Actor: Clerk

Goal: To report status of specific DVD or disk – title, checkout status, etc.

Overview:

When a clerk wishes to obtain information on the status of a particular item, the clerk enters the ID. The system will report back the current status of the item- whether it's on the shelf, or if and who it is rented to.

Cross-reference:

R1c, R3c

Typical course of events:

Actor Action	System Response
1. Clerk enters ID of disk or DVD	2. System reports status of DVD or disk

Alternative Courses:

None.
